About TSA

The Tank Storage Association is the voice of the bulk storage and energy infrastructure sector. We represent the interests of over 80 member companies engaged in the storage of bulk liquids and the provision of products and services to the bulk liquid storage sector. Through our work, and collective voice, we champion the needs of our members in safety, health, environmental and technical matters.

Benefits at a glance

DRIVING IMPACT

Through our work and collective voice, we champion the needs of our members in safety, health, environmental and technical matters. TSA facilitates dialogue in key policy-making forums producing solutions on issues of interest to the sector.

SHAPING PRIORITIES

TSA is tailored to serve its membership so that member organisations can have direct input on the issues most important to them.

PROMOTING SAFETY

TSA is a founding member of several industry safety groups, including the COMAH Strategic Forum which helps to set the UK's regulatory strategy.

CONNECTING INDUSTRY

TSA's membership enables effective and dynamic industry-wide interaction, driving valuable connections across the sector in the UK and abroad.

Membership overview

TSA is the voice of the bulk storage and energy infrastructure sector to Government, Parliament, Regulatory Agencies and in the media.

Membership

TSA plays a leading role in several industry, regulatory and Government forums and works to ensure that members' interests are at the top of the agenda.

We tackle a wide scope of issues relevant to bulk storage and energy infrastructure, and our committees are critical mechanisms for highlighting the most pressing matters facing businesses in our sector.

We provide a wide range of support and services for our membership, including technical guidance and standards, insights, comprehensive monitoring and weekly updates.

We offer three types of membership: Full Membership, Associate Membership and Associate Membership (Supplier).

Full terms and conditions are available on request.

Associate Member

Share and learn

Working groups and committees

Join our dedicated Safety, Health and Environment (SHE) and Technical Committees and keep up to date with developments across a range of topics.

Influence

Technical guidance and standards

Participate in the development and review of guidance and standards that impact your business.

Stay ahead

Horizon scanning and insights

Receive weekly news, insights and updates on legislation, sector initiatives, new publications and more.

Connect

Expert networks

Connect with others in the sector and contribute to joint action and research.

Associate Member (Supplier)

Share knowledge

Working groups and committees

Share knowledge and updates, and contribute to technical discussions in our Safety, Health and Environment (SHE) Committee.

Influence

Technical guidance and standards

When relevant to your business activities, have the opportunity to contribute to new guidance development.

Amplify outreach

Generate awareness

Amplify outreach by sharing information on your webinars and events. Contribute to TSA's new quarterly magazine.
