

## Electrical Craftsman (Misterton)

### EXCITING OPPORTUNITY

We are seeking an **Electrical Craftsman** to join our friendly and dynamic Maintenance Team based from our **Misterton** site located in the Doncaster area. Our Misterton Petroleum Storage Depot operates 24/7 supplying fuel to major UK airports.

Are you looking for an exciting and challenging opportunity? Do you have a hands on and collaborative approach? Do you thrive working as a team?

We are a growing multi-national logistics provider (Fuels storage and distribution), with sites across the UK operating 24/7. Part of the Exolum Group, a worldwide reference in the downstream refined oil storage and pipeline logistics sector. We are passionate about developing all our colleagues. You can expect to be supported, challenged and inspired.

#### **Main duties/responsibilities of the role include:**

This is a mobile role, covering a group of sites (located within daily commuting distance) across the Pipeline System Network. You will be responsible for the day to day electrical maintenance and testing on the Pipeline System, working safely and methodically to ensure that all facilities, plant and equipment are maintained in an efficient working manner. Liaising with technical colleagues you will provide resolution of defects, changes in the operation of specific plant items and information in response to a maintenance alert. You will also be accountable for updating computer maintenance management system (CMMS). In addition, you will carry out regular maintenance of LV distribution small power and lighting, emergency lighting and fire alarm testing and Electrical periodic inspection and testing to BS 7671 and BS 60079 including Hazardous area electrical inspection and testing work in accordance with procedures.

#### **Qualification/Skills:**

With 5 C Grade GCSEs or equivalent you will understand the reasons for and application of a variety of safety management processes such as Permit to Work, Safety Critical Tasks and Risk Assessments. With excellent attention to detail and a positive attitude, you will hold CompEx, 2394 and 2395 and 17th Edition IEE Regulations and be BS7671 qualified.

Due to the nature of our business and this role you will need to be available for overtime when required for out of hours breakdowns and emergencies. A clean driving licence and being located within 30 miles of the Misterton site will ensure you are able to respond as and when required.

**Location:** Misterton

**Operating Hours:** 24/7

**Working Hours:** 37.5 hours per week (8:00am – 4:00pm)

**Competitive, generous benefits:** Up to 12% employer pension contributions, 25 days holiday plus Public Holidays, Company Van, Private Healthcare & Cash Plan, plus many, many more!

**Closing Date:** Wednesday 21<sup>st</sup> April
