

# Northampton Fuel Terminal

SHIFT SUPERVISOR

January 2021

---

## Our Business

px Group delivers innovative management and engineering services for safety critical environments and mission critical infrastructure. We can offer these solutions through our team of experts and high-quality service offerings. We always operate with integrity and responsibility, and provide clients with results-focused solutions.

## The Opportunity

We are now recruiting for a Shift Supervisor to join our Fuel Terminal site team at Northampton to provide leadership support associated with Terminal Storage disciplines, maintaining a high standard of safe and efficient operations.

Northampton fuel terminal has five operating loading bays, with facilities for loading gasoline, super unleaded, diesel, kerosene and interface and is connected to the UK oil pipeline enabling deliveries of gasoline, and distillate products from both the Thames in the south and Stanlow in the North west refineries, via a spur line and eight main storage tanks holding a total of 28,000 m3 of fuel products. The terminal is a lower tier COMAH site, operating 24 hours a day 356 days a year.

## Minimum Requirements:

- Experience at supervisor level in a process plant or operations in a 24/7 operations at supervisor level.
- Significant people management experience, of both staff and contractors and is confident in dealing with and working with others.
- Knowledge of Integrity Management (IM) Standards.
- Working individually & as a member of the shift team to achieve business targets.
- Experience of producing & maintaining site documentation, records & procedures.
- Knowledge of plant SHE systems & procedures including appreciation of the SSOW and documentation.
- Legislation & best practice within a process environment.
- Be proficient in Microsoft Office packages.
- Experience of maintenance management systems.
- Be committed to self-development.
- Have an appreciation of budgetary procedures, budgets & cost centres.
- Gathers key information to diagnose a problem, making connections between facts and events that may not be readily obvious thinking through the consequences of different courses of action.
- Acts to ensure that others understand complex information and is objective under pressure in difficult or stressful circumstances. Presenting arguments based on factual information.

***In order for your application to be progressed, all candidates must meet the minimum requirements of the job role person specification.***
